**\* The Karol Szymanowski Quartet would like to present a mixture of three great composers, and wonderful artists that were regarded as the most influential leaders of musical scene in Poland and Germany of the XIX century. In this program we want set the great representatives of the slavic hemisphere together with the absolutely immortal and powerful music of one of the „fathers“ of music, who’s last year’s anniversary couldn’t be celebrated to the fullest. We definitely need to recuperate this!**
